-  Item not available in **Europe**.

PURE Furniture

Our Brand

Pure Furniture was established in Romania, Eastern Europe, in 2002 by three furniture enthusiasts.

The company specialises in manufacturing reproductions and updated classics in an authentic and vintage style, from sketch to prototype to finished product.

Pure Furniture is well known for its unmistakably unique and authentic look and feel. Every item in the collection is made with the finest materials, such as genuine buffalo leather from Italy, solid rustical and reclaimed oak (which has been ageing for hundreds of years), and carefully selected fabrics.

These characteristic materials, combined with ancient skills of finishing (handpolishing, waxing, scraping and sanding by craftsmen) make every single piece of furniture a timeless and authentic piece of art.

Passion, pride, true craftsmanship, high-quality materials and purity is what drives us.

Story driven furniture.

A close-up, shallow depth-of-field photograph of a row of leather bar stools. The foreground stool is in sharp focus, showing the texture of the tan leather and the stitching around the seat. The background stools are blurred, creating a sense of depth. The lighting is soft and even.

Metal Frame

- Brass Antique

- Black

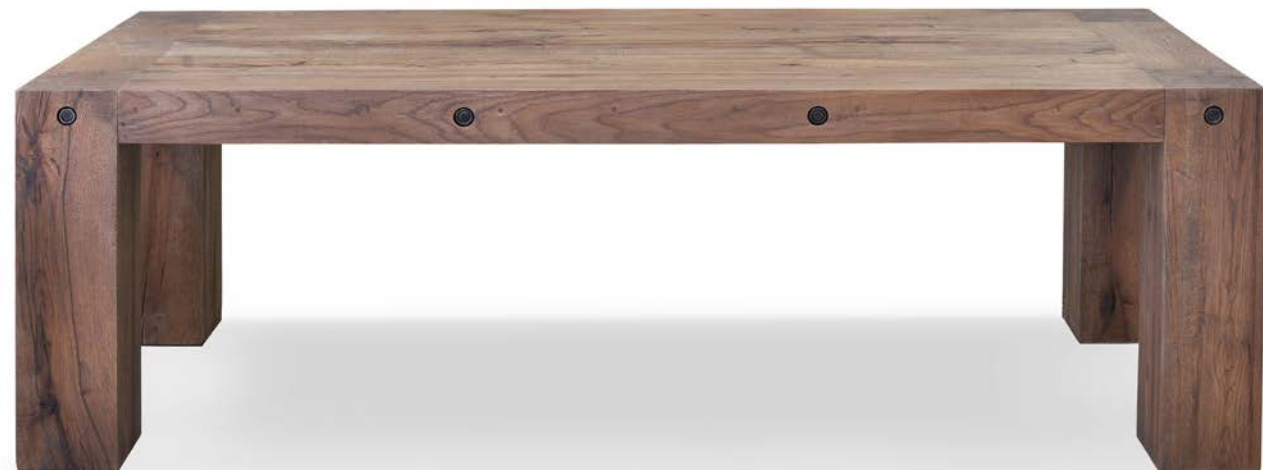

A modern interior space with a large, rustic wooden dining table and black leather chairs with brass frames. To the left is a teal leather sofa. The room has large windows with black frames, a concrete floor, and a patterned rug under the table. A small wooden mask hangs on the wall, and a potted plant is visible on the far left. In the background, a bar area with stools is visible.

Chapter Fabrics & Colours

Leather & Colours

Pure Leather

The high-quality and durable leather we use for our furniture originates from the water buffalo. Their versatile skin pushes our material expertise to the next level when creating one-of-a-kind furniture with hand-painted details. Their rural characteristics bring a lively appearance to our products.

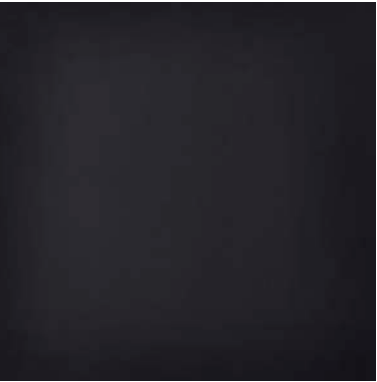

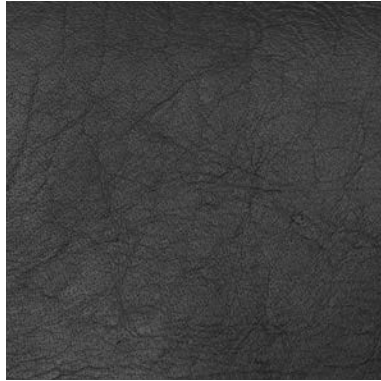

Our upholstered leather collection is well known for its unmistakably unique and authentic look and feel. Every item in this collection is made from carefully selected genuine buffalo leather and coloured by hand.

This full grain leather, with its worn, distressed appearance and natural markings, (such as: healed scars, scratches, neck and belly wrinkles), is ideally suited fort our leather upholstered collection.

The authentic quality is created by many different treatments, such as sanding, hand polishing and waxing, just as it was done in the early days by true craftsmen.

Our unique, hand-coloured leather is available in 20 different colours, with semi-gloss and matt finishes.

				
TS Rich Brown	Light Brown	Camel	Corda	Undercool
				
Black	Lampre	Lime	Light Olive	Caramel Cafe
				
Gun Metal	Concrete	Blue	Red	Indigo
				
British Green	Yellow	White	Laguna	Fumee (only in matt)

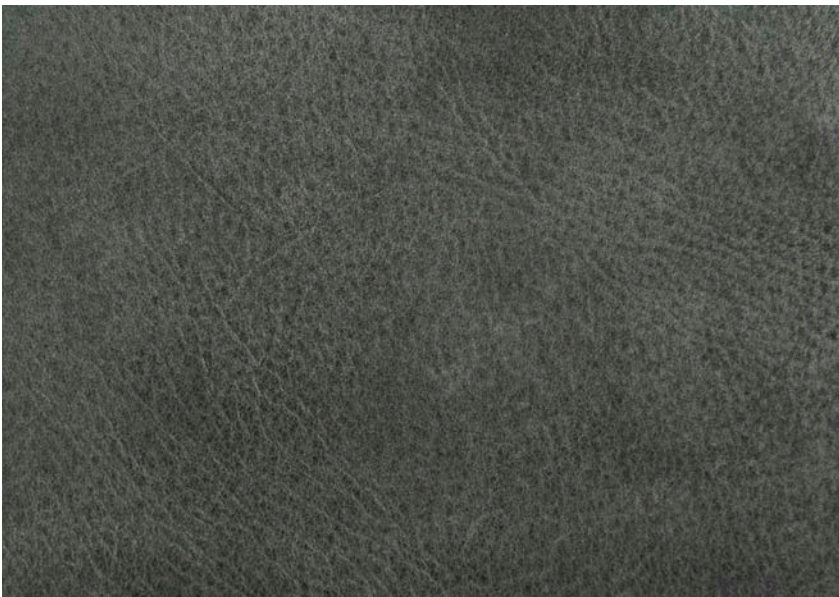

Leather & Colours

Sierra Leather

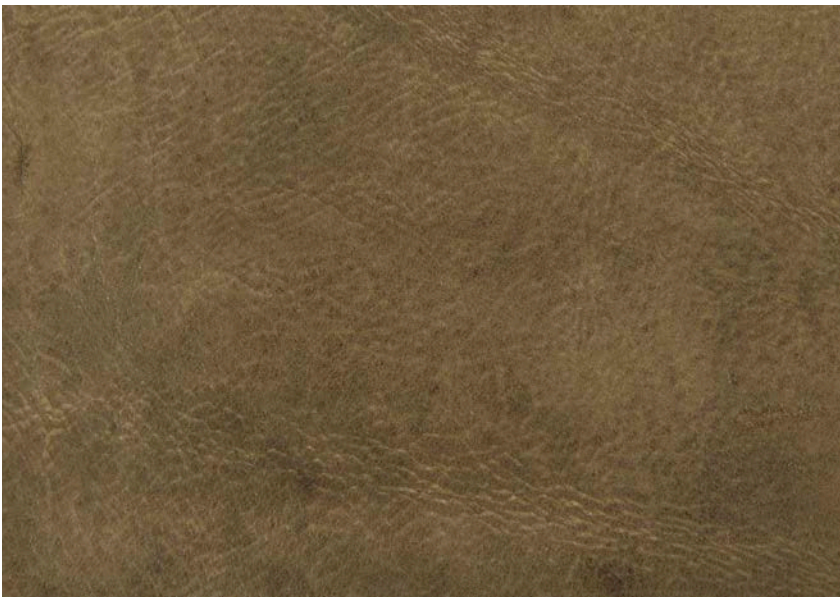

Sierra leather is our newest selection of exotic water buffalo leather and is a premium choice. The hand-picked colours have been chromium-tanned, lightly tanned with vegetable ingredients, then dyed in a barrel and corrected.

The leather is polished by hand in the final stage, which creates an open and fibrous structure. Together with scratches, horn bites and the likes, this creates a product which has a lovely natural and well-worn appearance.

Forming a gorgeous leather collection full of character, the 4 selected colours fit perfectly with our upholstered furniture.

Metal and Wooden Legs

Steel stands as one of the most commonly used metals in the world across industries. New developments changed the nature of steel and allowed producers to create specialized items. The robust metal can easily be combined with warm materials like wood, using soft finishing techniques for a vigorous finishing touch. The hands of our craftsmen incorporate different types of steel and metal in the products we make.

Seven different colours are available for the metal chair legs, please advise the text on the left page to check which colour is available on which frame.

Fabricks & Colours

Wood

Pure Furniture’s Wood collection is well known for its carefully selected reclaimed and rustical oak, with unique colour shadings and robust, vivid characteristics.

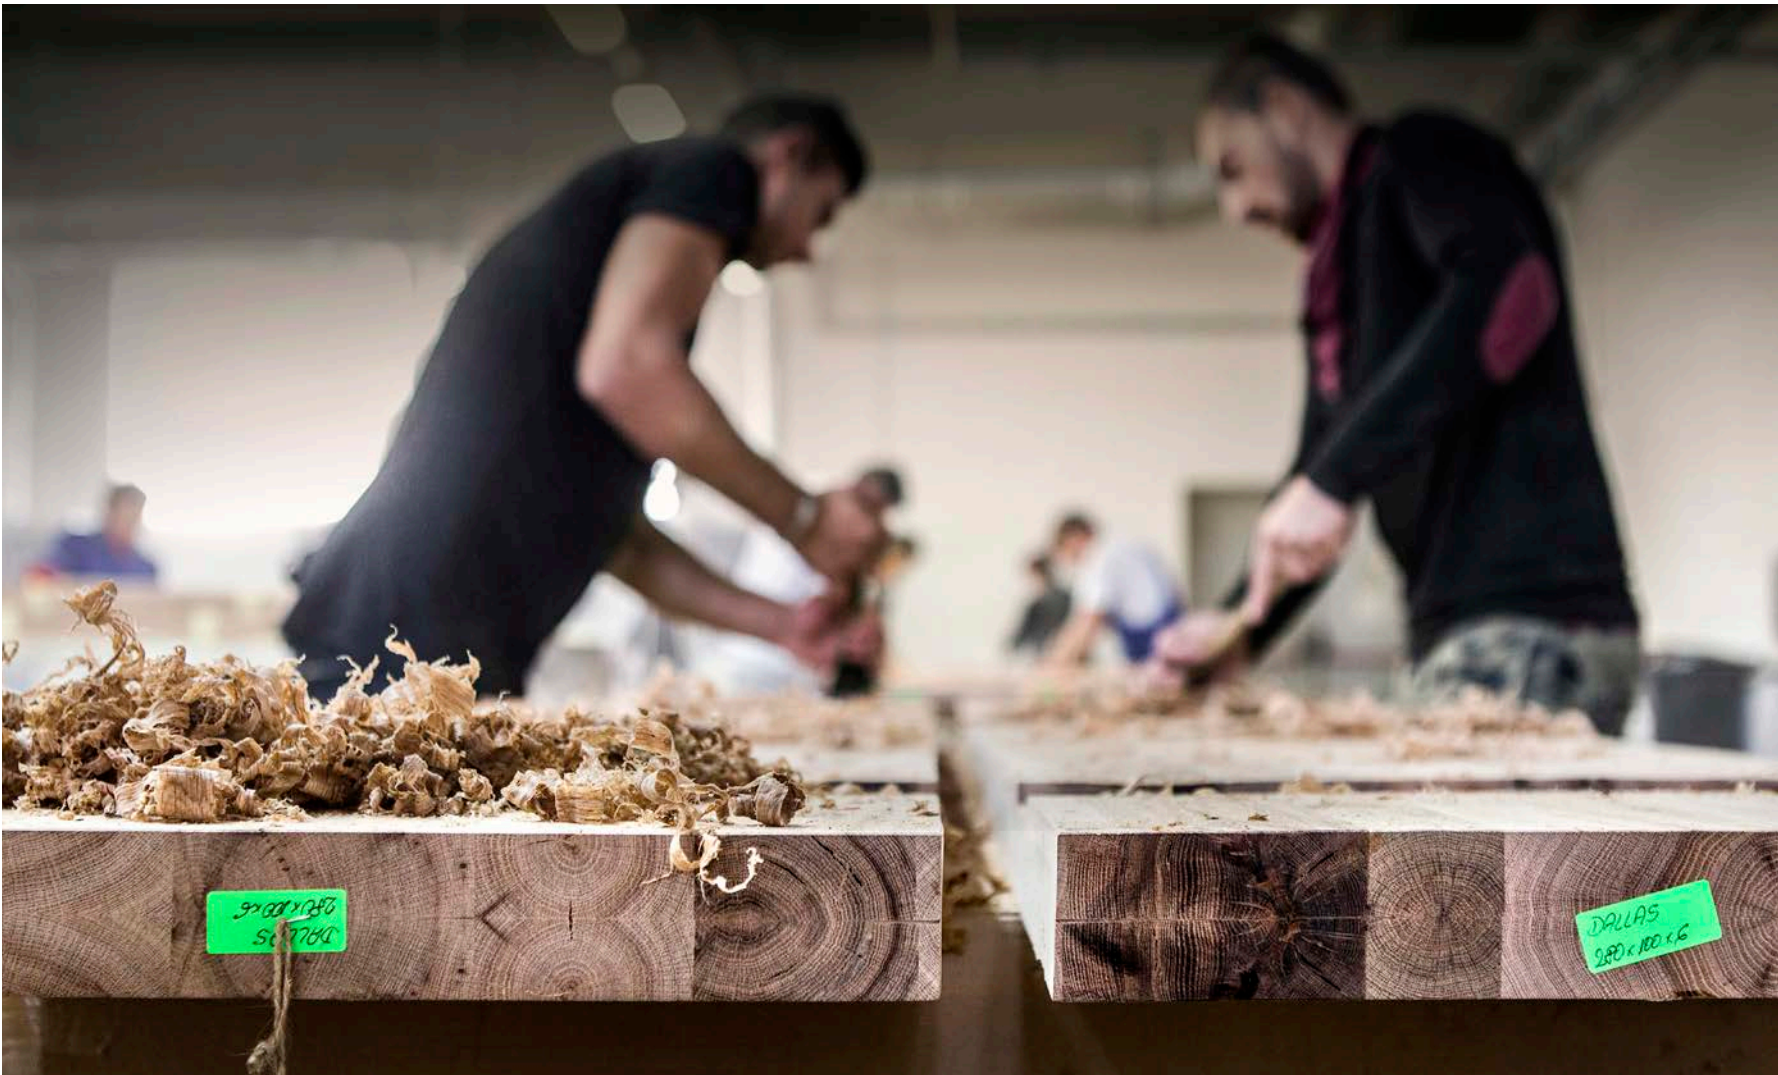

Using ancient techniques and skills of finishing by craftsmen, such as scraping and distressing, our Rustical Oak is transformed into a timeless and authentic piece of art.

If you prefer a smoother surface, our Oak BC collection could be more suitable. This is in fact the 2nd layer of Reclaimed oak, with less cracks and colour shadings.

Both solid oak types can be finished in all available colours with Silverback grey as an acceptance on the rule.

These are our finishings for the wooden tables.

- 1. We are proud to have created the beautiful Pebble Grey colour. However, because it is very complex and time consuming to make, an additional percentage will be charged on top of the original item price.
- 2. Silverback can only be achieved on Oak BC. The finish is achieved by a carefully monitored process, where certain chemicals in the wood react with special blend of stains. As a result, every item with this finish will be a unique piece of art.

Pure Furniture showroom & Experience centre

At Pure Furniture we believe that our collections should inspire you and be a complete experience.

Conveniently located in the heart of the Netherlands (20 minutes from the airport), Pure Furniture showroom & Experience centre is open 52 weeks of the year for professionals in furniture, project, hotel and hospitality business.

Be sure to make an appointment, so we can serve you in the best way possible during your Pure Experience!
